replacement candidates “with fellowship”	By 30 th March, if notification by 23 rd March Within 7 days, if notification after 23 rd March

Please note that:

§ all the other candidates eligible for enrollment receive at least two notifications: in the first one, they are notified about admission results; in the last one, they are notified about their final status and deadline for enrollment. In between, they are notified about change(s) of status (if any).

Candidates who intend to decline the offer should decline as soon as possible to allow replacement applicants to receive their offer.

If students enrolled with fellowship withdraw after the end of enrollments (3rd July 2026), a further round of replacements will take place for the benefit of students enrolled with payment of tuition fees, and in any case no later than 1st September 2026.

Replacement of candidates is not allowed after the beginning of the first year of the program (1st September 2026).

Enrollment takes place online ([ENROLLMENT Section](#)), using the ID and password provided at registration.
