REGULATIONS ON STUDENT REPRESENTATION

Issued with Rectorial Decree no. 86 on 23 September 2026

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

First Item: General Provisions

Content of the Regulations on Student Representation.

Article 1

These Regulations for student representatives (hereinafter referred to as the “Regulations”) are adopted in application of article 21 of the Statute of Università Commerciale “Luigi Bocconi” of Milan (hereinafter referred to as the “Statute” and the “University” respectively). The Regulations are the University’s regulatory source pursuant to article 2 of the Statute.

1.2 The Regulations govern, in compliance with the law, the application of the provisions of the Statute and the General University Rules concerning student representation on the University’s governing bodies, as well as the election of those representatives and the way any other positions recognized by the University are assigned. They also govern the composition and running of the University’s student consultative bodies.

1.3 The Regulations also govern the composition and running of the Office for Student Representation.

1.4 The Regulations apply to:

a) elections of student representatives of the Bachelor programs, the Master of Science programs, the Master of Arts programs and the PhD programs on the following University bodies:

- University Sport Committee
- Management Board of ISU Bocconi
- University Evaluation Unit

and for the election of the group of three candidates (the “Terna”) from which the Board of the Friends of Bocconi Association nominates the student representative on the University Board;

b) election of student representatives of the Bachelor programs, the Master of Science programs and the Master of Arts programs on the Quality Assurance Committee (Quality Assurance body) and on the following University bodies:

- Faculty Council
- Department Councils

Appointment of the three student representatives on the Academic Council from among the representatives on the Faculty Council, pursuant to article 36.3 of the Statute, is made by those representatives and is effective following notification to the Rector.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

c) election of student representatives of the Bocconi Undergraduate School, Bocconi Graduate School, Bocconi School of Law and Bocconi PhD School, on the School Councils;

d) election of student representatives of the Bachelor programs, the Master of Science programs and the Master of Arts programs on the Study Program Committees and the election of class group representatives for the Bachelor, the Master of Science and Master of Arts programs.

These Regulations do not apply to:

- the election of student representatives of the PhD programs on the Faculty Council/PhD School Council/Quality Assurance Committee or the Department Councils/PhD Faculty Boards.

Definitions:

Article 2

2.1 “Students” means all students in the Bachelor, Master of Science and Master of Arts programs at Bocconi University;

2.2 “PhD students” means students in a PhD program.

2.3 “Groups” means groups of student representatives set up pursuant to the provisions of these Regulations.

2.4 “First-level representatives” means all students/PhD students elected as student representatives on the Faculty Council, the Management Board of ISU Bocconi, the University Sport Committee, the University Evaluation Unit, the School Councils, the Department Councils, and the student appointed by the Friends of Bocconi Association as a member of the University Board.

2.5 “Study program representatives” means all students elected as members of the Study Program Committees.

2.6 “Class group representatives” means all students elected as representatives of their study program class group.

2.7 “List by governing body” means the electoral list containing the candidates for the election of one or more representatives to an individual governing body, for which an election is to be held through lists, in accordance with the Fifth Item of these Regulations.

2.8 “General list for setting up a group” (hereinafter referred to as the “group list”) means all of those “lists for governing body” that, represented at the elections referred to in the Fifth Item of these Regulations, have in common the list name, the list contact person and the list observer indicated for the polling place.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

2.9 The “Office for Student Representation” has the meaning as provided in article 6.1.

Second Item: Term of Office – Incompatibility - Forfeiture

General Provisions

Article 3

3.1 The period in office of a student in a role governed by these Regulations shall cease with the election or the appointment of a new student to the subsequent term of office in accordance with these Regulations.

3.2 Any student may resign from his or her role at any time, notifying the Office for Student Representation in writing.

3.3 A student who is elected or appointed to a role may hold the same role for a subsequent term of office, so long as he or she meets the conditions set out in these Regulations.

3.4 Forfeiture of the status of student of the University shall result in contemporaneous forfeiture of the student’s representative role.

3.5 A student appointed to the University Board shall become ineligible to sit on the Board upon graduation from a Bachelor, Master of Science, Master of Arts or PhD program, and shall be replaced by another student from the “Terna” referred to in article 1 above, as put forward by Fondazione Bocconi - Istituto Javotte Bocconi Manca di Villahermosa.

3.6 Disciplinary sanctions other than a warning or suspension from taking course or graduation exams for up to three months shall result in permanent ineligibility to stand for election as a student representative on academic bodies. If such sanctions are imposed during a term of office, the student shall his or her their position.

3.7 In derogation of the provisions in the paragraphs above, students enrolled in a Bachelor program who are appointed to the University Board, or elected to the Faculty Council, Department Councils, University Sport Committee, Management Board of ISU Bocconi, Quality Assurance Committee, University Evaluation Unit or School Council do not forfeit their appointment upon graduation, so long as they graduate by October and then enroll in a Master of Science program.

First-level representatives

Article 4

4.1 First-level representatives on a governing body may not hold the same

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

appointment on another body.

A student elected to several governing bodies at once must, within 10 days of the Rectorial Decree of proclamation, choose either a governing body or a determined appointment. The first of those not elected on the same list shall be placed on the remaining governing bodies. The option shall be exercised by means of a letter to the Office for Student Representation to be received within the period indicated. If no option is exercised within the period indicated, the elected representative forfeits all positions on governing bodies. The same option procedures shall be followed in the event of contemporaneous election to a governing body and appointment from the “Terna” by the Friends of Bocconi Association to the University Board. In that case the period for exercising the option begins from appointment to the University Board.

4.2 In the event of forfeiture by a first-level representative the first of those not elected on the same list shall be appointed automatically.

4.3 In the event of forfeiture by a first-level representative because that representative has graduated, in the absence of unelected candidates from the same list by governing bodies who could take over the appointment, that representative shall continue to hold the appointment until the end of the term of office.

4.4 In all other cases of forfeiture pursuant to article 3, and in case of there being no further candidates on a list by governing bodies, the position shall remain vacant.

4.5 A representative who misses at least three meetings of the governing body for each year of the term of office shall forfeit their representative role. Assessment and notification of forfeiture shall be the responsibility of the President of the group/list with which the student was elected.

Program and class group representatives

Article 5

5.1 Program and class group representatives shall forfeit their appointments in the event of review of the degree program during their term of office.

5.2 The paragraph above does not apply in cases where no other candidates were voted for to hold that role who could take over the term of office.

5.3 In all other cases of forfeiture pursuant to article 3, and in case of there being no further candidates on a list for the same role, the position shall remain vacant.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

Third Item: Office for Student Representation

Article 6

6.1 In implementation of these Regulations, a Rectorial Decree shall constitute the Office for Student Representation at Bocconi University.

Composition and functioning

Article 7

7.1 The Office for Student Representation is made up of:

- a) The Rector of the University and his or her delegate who shall take the role of President;
- b) Three members of the University's administration;
- c) Three students appointed by the three largest representative groups pursuant to article 46.

7.2 For the duration of their term of office, three student members of the Office for Student Representation who accept the appointment may hold other representative roles but may not stand, nor be list contact persons or list observers for the elections governed by these Regulations. The appointment shall apply for the whole of the duration of the election process and up until the calling of the new biennial elections. If one or more of the three student members resigns, the replacement shall be appointed pursuant to article 46.

7.4 The Office for Student Representation shall decide on the basis of a majority of its members; in the event of a tie, the President shall have the casting vote.

Functions

Article 8

8.2 The Office for Student Representation shall run the student elections governed by these Regulations.

Article 9

The Office for Student Representation shall be responsible for:

9.1 Being the reference point for the process and if necessary for the decision in relation to any question arising from the running of elections and the management of the consequent term of office.

9.2 Keeping available for the University and students the updated list of the student representatives and publishing it in the manner it considers appropriate.

9.3 Assessing any cause of incompatibility, pre-existing or subsequently arising. In the event of potential forfeiture, it shall declare the mandate ceased and give

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

the appropriate notifications.

Article 10

10.1 During the period of calling the elections governed by these Regulations, the Office for Student Representation shall carry out the functions of the central electoral office as follows:

- a) coordinate and ensure the free carrying out of the election campaign and subsequent free voting process, deciding on any claim put forward during the elections by voters and voting officials;
- b) through continuous monitoring, ensure that the election campaign is conducted in accordance with the principles set out in the Bocconi Honor Code and the Student Code of Conduct;
- c) check, at the request of any interested party, that the provisions of these Regulations have been implemented;
- d) keep available for student electors copies of the lists of candidates held at the Office;
- e) provide areas for election material and campaigning, distributing it equitably, in consultation with the list contact persons;
- f) organize how the elections are run;
- g) point out conduct which could give rise to disciplinary measures;
- h) have consultative functions in relation to the Rectorial Decree on the calling of student elections;

10.2 In carrying out the functions of the previous subparagraph, in relation to the elections referred to in the Fifth Item, the Office for Student Representation shall consult with the list contact persons.

Fourth Item: University Student Consultative Bodies

Student Representative Groups

Article 11

11.1 All students may freely associate and compete democratically in the constitution of representative groups through participation in the elections called by the Rector every two years and governed by the Fifth Item in these Regulations.

11.2 At the end of the elections set out in the Fifth Item, a new representative group is automatically constituted or an existing one renewed only if within a group list the number of those elected reaches the minimum of three first-level representatives.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

11.3 Each group shall take the name of the group list from which it is constituted pursuant to the previous paragraph. The group shall be the exclusive holder of that name in all its representative or other activity generally, including the presentation of its similarly-named electoral list.

11.4 Each group shall have one Group President and one Group Vice President.

Student Council

Article 12

12.1 The Student Council is an advisory body that coordinates the activities of the University's student representatives, in accordance with Article 42 of the Statute.

12.2 The first-level representatives and study program representatives shall be members of the Student Council.

12.3 The Student Council shall prepare regulations for its functioning in compliance with the law, the Statute and these Regulations. Those regulations shall be held at the Office for Student Representation.

Fifth Item: Election of the First-Level Student Representatives, and Student Representatives of the "Terna", to the University Board

Scope of Application

Article 13

13.1 The provisions of this item shall apply to the election of student representatives to the following governing bodies of the University:

- a) University Sport Committee;
- b) Management Board of ISU Bocconi;
- c) Quality Assurance Committee;
- d) University Evaluation Unit;
- e) Faculty Council;
- f) Department Councils;
- g) Bocconi Undergraduate School Council;
- h) Bocconi Graduate School Council;
- i) Council of the Bocconi School of Law;

and for the election of the "Terna" from which the Board of the Friends of Bocconi Association nominates the student representative on the University Board.

13.2 The provisions of this Item shall apply to the election of student

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

representatives. They shall also apply to the election of PhD student representatives, limited to the governing bodies set out in subparagraphs a), b) and c) above, and to the election of the “Terna.”

General Provisions

Article 14

14.1 The elections governed by the provisions of this Item shall be called every two years by a Rectorial Decree which shall set the date of the election. The decree shall be published through official University channels and communicated to the Group Representatives at least 60 days before polling day.

14.2 In each of the elections governed by this Item, the student representatives shall be elected on a proportional basis, as follows:

- a) one “Terna” for the student representative on the University Board;
- b) five student representatives for the Faculty Council;
- c) two student representatives for the University Sport Committee;
- d) three student representatives for the Management Board of ISU Bocconi;
- e) one student representative for the Quality Assurance Committee;
- f) one student representative for the University Evaluation Unit;
- g) one student representative for each Department Council;
- h) three student representatives for each School Council;

Article 15

15.1 The electorate shall comprise all students as defined in article 2.1 and, limited to the elections referred to in a), b), c) and the “Terna” above, PhD students who, on the date set in the Rectorial Decree calling the elections, are duly enrolled at the University as specifically set out in the following paragraphs.

15.2 Each voter in the election for student representatives on the School Council shall vote for his or her School.

15.3 Without prejudice to the provisions of article 3.6, the right to stand for election is granted to students enrolled within the standard duration of their program and to PhD students enrolled in a year falling within the official duration of the PhD program.

15.4 Candidates shall be duly enrolled on the election date set by the Rectorial Decree and on the date they stand for election.

15.5 The electorate for each School Council shall be students enrolled in a study program in that school.

Presentation of the lists and candidates for the “Terna” for the University Board

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

Article 16

16.1 From the time of publication of the Rectorial Decree pursuant to article 14.1, students meeting the requirements set out in article 15 may stand for election as student representatives on the University's governing bodies.

16.2 Candidates shall be grouped in competitive lists by governing body, on a proportional basis.

16.3 The non-candidate list contact persons shall present the lists by governing body through a dedicated online form, to be completed via an automated procedure and containing the following information: name of the list and individual candidacies.

16.4 The Rectorial Decree calling the elections shall establish the final date for the presentation of the lists by governing body and the date for sending the list of supporters pursuant to article 19.

Article 17

17.1 Candidacy for the "Terna" may be presented or collected from the time of publication of the Rectorial Decree pursuant to article 14.1 up until the time indicated in the decree pursuant to the previous article.

17.2 Candidacy for election of the "Terna" only, from which the student representative on the University Board is appointed, shall not come from the lists, but shall be submitted personally and individually.

17.3 Candidates for election of the "Terna" may also be candidates in the list by governing body pursuant to article 16, in compliance with article 18.4.

Presentation of individual candidacy within the lists by governing body

Article 18

18.1 Candidacies in an open list pursuant to article 16 may not be added or withdrawn from the time of the sending of the list of supporters. In exceptional cases one candidate for each list within each governing body may be changed or withdrawn with the written consent of the candidate and the list contact person. The Office for Student Representation shall assess the reasons given and make a decision by majority.

18.2 Each list by governing body may include a number of candidates which shall be no greater than double the number of those eligible.

18.3 Individual candidacies shall be signed by the candidates and approved by the list contact person.

18.4 Candidacies may be put forward for several governing bodies with the same list.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

List of supporters for the lists and for candidacy for the “Terna” for the University Board

Article 19

19.1 At the end of the period for presentation of the lists by governing body and the candidacies for the “Terna” pursuant to articles 16 and 17, the period opens for the list of supporters for the names of the list and for the candidacies for the “Terna”. This period ends on the date set by the Office of Student Representation and indicated in the Rectorial Decree calling the elections.

19.2 The signatures in support of each list by governing body and of each individual candidate for the election of the “Terna” must, for each election called simultaneously at the University, reach the minimum number of 50 for the School Councils, and 100 for the other elections.

19.3 The lists by governing body and the candidates for the University Board that do not reach the minimum number of signatures pursuant to the previous paragraph may not participate in the vote.

19.4 Each student may sign up to support only one list by governing body and individual candidate for the election of the “Terna” for each election in which he or she is eligible to vote.

19.5 Signing up may not be revoked.

19.6 Any invalid signing up shall result in non-participation in the vote where the signing up is a determinant for reaching the minimum number of signatures for presentation.

19.7 Signing up in support of the list is carried out electronically.

Electoral Period

Article 20

20.1 At the conclusion of the list of supporters the Office of Student Representation shall identify the electoral period within which the election campaign shall be run in accordance with the rules that ensure the various equity among competing candidates.

Running of the elections

Article 21

21.1 For each election of student representatives each student may vote for one only list by governing body among those included on the ballot paper, and indicate his or her vote from among the candidates set out in alphabetical order

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

within the list.

21.2 Only one preference may be expressed for the election of student representatives on the University Sport Committee.

21.3 Only two preferences may be expressed for the election of student representatives on the ISU Bocconi Management Board and the School Councils.

21.4 Only one preference can be expressed for the election of the student representative on the Quality Assurance Committee.

21.5 Only one preference can be expressed for the election of the student representative on the University Evaluation Unit.

21.6 Only three preferences may be expressed for the election of student representatives on the Faculty Council.

21.7 Only four preferences may be expressed for the election of student representatives on the Department Councils.

21.8 For election of the “Terna” from which the student representative on the University Board is appointed, each student shall vote by marking one of the candidates’ names set out in alphabetical order on the ballot paper.

Article 22

22.1 Voting shall take place online through an electronic procedure. Each voter shall cast their vote using a suitable electronic device available to them. The system does not allow votes to be cast for individuals who are not included on the list, nor does it allow a ballot to be invalidated. A blank ballot is included among the available options. Voters may express preferences up to the maximum number permitted for each list. Once the voting process has been completed, voters are required to confirm their vote and close the voting session.

22.2 The electronic procedure shall meet the following requirements:

- Unique identification of voters and candidates;
- Anonymity of the vote;
- Accurate counting of votes;
- The ability to detect cyberattacks, so that elections may be annulled if deemed necessary by the Electoral Commission.

22.3 The Rectorial Decree calling the elections as indicated by the Office for Student Representation may provide for different ways of holding the election, including by electronic means.

Article 23

23.1 All forms of election campaign material are prohibited during the voting period.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

Scrutineering

Article 24

24.1 Voting and scrutineering shall be public.

Election outcome

Article 25

25.1 At the conclusion of the scrutineering, a report shall be drawn up and submitted to the Office for Student Representation.

25.2 For the purposes of distributing the seats among the lists, the election figure for each list by governing body shall be divided by progressive divisors from one up to the number of representatives to be elected and thus the seats shall be assigned to the lists by governing body which have obtained the highest quotient.

25.3 In the event of a tie, the place shall be given to the list by governing body that has obtained the highest election figure and, if this is also a tie, it shall be decided by drawing lots.

25.4 In the context of each list by governing body the candidates shall be declared elected in accordance with the order of the respective individual figures. In the event of a tie, lots shall be drawn among the candidates with an equal number of votes, under the supervision of the Office for Student Representation.

Declaration of the poll

Article 26

26.1 The Rector shall declare the poll through a Rectorial Decree through official University channels.

26.2 Where not otherwise governed by these Regulations, the provisions for municipal and provincial elections shall apply where compatible.

Sixth Item: Election of Class Group and Study Program Committee Representatives

Scope of application

Article 27

27.1 The provisions in this Item shall apply to the election:

- a) of students for each study program class group
- b) of students for each Study Program Committee in the Undergraduate School

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

- c) of students for each Study Program Committee in the Graduate School
- d) of students for the Master of Arts Study Program Committee in the School of Law
- e) of students for the Bachelor of Arts Study Program Committee in the School of Law
- f) of students for the Integrated Master of Arts Study Program Committee in the School of Law
- g) of two representatives for each study program class group
- h) of four student representatives for each Bachelor of Science Committee
- i) of two student representatives for each Master of Science Committee
- j) of one student representative for the Integrated Master of Arts Study Program Committee, which shall include, by invitation, a seat on the Bocconi School of Law Council
- k) of one student representative for the Global Law Study Program Committee, which shall include, by invitation, a seat on the Bocconi School of Law Council
- l) of one student representative for the Global Law for Organizations, Business Enterprises and Institutions Study Program Committee, which shall include, by invitation, a seat on the Bocconi School of Law Council.

General provisions

Article 28

28.1 Elections for student representatives for the class groups and on the Study Program Committees shall be called annually by the Rector during the first semester of the academic year by means of a Rectorial Decree which shall set the date. This Decree shall be published through official University channels.

Article 29

29.1 Two representatives shall be elected for each class group per course year of compulsory subjects in the study program. In the event that the course year does not have compulsory subjects but only electives, two representatives shall be elected for all the elective subjects.

29.2 The following shall also be elected:

- a) four student representatives for each Study Program Committee in the Bocconi Undergraduate School;
- b) two student representatives for each Study Program Committee in the Bocconi Graduate School;
- c) one student representative for each Study Program Committee in the Bocconi School of Law, specifically for the Bachelor, the Master of Arts and the

Integrated Master of Arts.

Article 30

30.1 Voters shall be all students who, on the date set by the Rectorial Decree for the election, are duly enrolled at the University in a regular study program year.

30.2 Candidates for election as class group representatives shall be students who are enrolled in a regular program year, and have no disciplinary measures against them in progress at the time of their proposing to stand for election.

30.3 Candidates shall be duly enrolled on the date set by the Rectorial Decree for the election and on the date they submit their candidacy.

For the purposes of this provision, “duly enrolled” shall mean enrolled in the first year of a Master of Science program, even if enrollment is conditional.

30.4 Voters and candidates for election of student representatives in each of the Study Program Committees shall be the class group representatives elected in the class groups of the study program.

Standing for election and running of elections

Article 31

31.1 All students meeting the requirements set out in article 30 may stand for elections pursuant to article 29. Submissions of candidacy shall comprise candidacy for election as class group representative and as program representative.

31.2 Candidacies shall be personal and individual.

31.3 Individuals shall submit their candidacy electronically.

Article 32

32.1 In the election of class group representatives, each student may vote for a maximum of two candidates; the vote shall still be valid even if only one candidate is indicated.

32.2 In the election of representatives of the Study Program Committees in the Bocconi Undergraduate School, each class group representative may vote for a maximum of two candidates; a vote for one candidate only is permitted.

32.3 In the election of representatives of the Study Program Committees in the Bocconi Graduate School, each class group representative may vote for a maximum of one candidate.

32.4 In the election of the representative of the Integrated Master of Arts Study Program Committee in the School of Law, each class group representative may vote for a maximum of one candidate.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

32.5 In the election of the representative of the Master of Arts Study Program Committee in the School of Law, each class group representative may vote for a maximum of one candidate.

32.6 In the election of the representative of the Bachelor Study Program Committee in the School of Law, each class group representative may vote for a maximum of one candidate.

Article 33

33.1 Voting for class group representatives shall take place electronically.

33.2 Voting for Study Program Committee representatives shall take place electronically.

Article 34

34.1 All forms of election campaign material are prohibited on polling days.

Scrutineering

Article 35

35.1 Voting and scrutineering shall be public.

Article 36

36.1 In the event of a tie in the election of a class group representative, lots shall be drawn among the candidates with an equal number of votes, under the supervision of the Office of Student Representation.

36.2 In the event of a tie in the elections of student representatives on the Study Program Committees, lots shall be drawn among the candidates most voted for with equal numbers of votes.

Article 37

37.1 The Rector shall then announce the results, by means of a Rectorial Decree published through official University channels, of the first vote (class group representatives) and the second vote (Study Program Committee representatives).

Seventh Item: Other Provisions

Order of the groups of student representatives

Article 38

38.1 If it should be necessary to identify an order that recognizes the groups as

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

“larger”, those constituted pursuant to article 12 which have elected more first-level representatives within the like-named group list shall be considered.

38.2 In the event that two or more groups have the name number of first-level representatives, priority shall be given to the group which received the greatest number of votes in total, calculated as the sum of the individual election figures gained by the individual lists by governing body belonging to the respective group list.

Representatives on the Department Councils

Article 39

39.1 Each elected representative to the Department Councils shall express a preference, within 10 days subsequent to the decree referred to in article 26, for one Department Council only.

Representative member of the Regional Committee for the Right to University Study

Article 40

40.1 The representatives elected to the ISU Bocconi Management Board shall unanimously appoint from among them the member of the Regional Committee for the Right to University Study.

40.2 If there is no consensus after 15 days from the publication of the Rectorial Decree pursuant to article 30, the member of the Regional Committee for the Right to University Study shall be the representative elected to the ISU Bocconi Management Board with more preferences within the list that obtained more votes.

40.3 In the event of forfeiture by the representative on the Regional Committee for the Right to University Study, that seat shall be taken over by the representative who replaces him or her on the ISU Bocconi Management Board, unless otherwise decided by consensus by the Conference of Groups within 15 days of the forfeiture.

Academic Council

Article 41

41.1 Three of the five representatives elected to the Faculty Council, as indicated by those represented, shall attend meetings of the Academic Council.

41.2 In the event of forfeiture by a representative on the Academic Council, a new appointment shall be made.

Please note: These Regulations on Student Representation were originally written in Italian and have been translated into English for easy reference only. The Italian version will be considered definitive for any questions of interpretation.

Student members of the Disciplinary Board

Article 42

42.1 If requested, each of the two larger groups referred to in article 38 shall appoint a representative on the Faculty Council to be a member of the Disciplinary Board.

Appeals

Article 43

43.1 Appeals against the results proclaimed in the terms set out in articles 26 and 37 may be made to the Office for Student Representation within 10 days of the proclamation. The Office for Student Representation shall then decide the matter within the following 10 days. Any appeal against that decision may be made to the Academic Council within 30 days. The Academic Council shall make the final decision within the following 90 days.

43.2 All the above decisions shall be published through official University channels.

Transitional Provisions

Article 44

44.1 In view of the need to proceed promptly with the election of the student representative to the University Evaluation Unit pursuant to Article 62 of the Statute, pending the calling of the student representative elections scheduled for 2025, the representative to the University Evaluation Unit shall be elected according to the following procedure.

The class representatives elected for the current 2023–2024 academic year shall constitute the electorate and, provided that they do not hold other positions within collegiate bodies, shall also be eligible to stand for election. Individual candidacies shall be submitted through an electronic procedure containing the following information: candidate's name, degree program, class and year of study. Voting shall take place through the same procedure used to collect candidacies. Each voter may express only one preference.

44.2 The term of office of the student representative to the University Evaluation Unit elected according to the procedure set out in these transitional provisions shall end upon the election of the new student representative to the University Evaluation Unit, which shall take place in 2025 in accordance with the procedures set out in these Regulations.
