

Reminder academic tuition and fees a.y. 2026-27

The amounts of academic tuition and fees (for BSc, Law and MSc programs) are divided into installments, the deadlines of which are shown in the table below and in the section "**Financial situation - Payments**" inside the You@B agenda.

Enrollment	Advance	Adjustment	2nd installment	3rd installment
1st year	Linked to enrollment session	15/10/2026	29/01/2027	30/04/2027
Subsequent years	25/08/2026	01/12/2026	29/01/2027	30/04/2027

Students who have been awarded a tuition fee waiver, whether full or partial, are exempt from paying all or some instalments, as specified in the terms of their award.

For payments from outside the SEPA area in a currency other than the euro, outstanding instalments can be paid through Flywire. This option is available in the **Financial Situation – Payments** section of Punto Blu, next to the payment code for the relevant instalment. For payments in euros within the SEPA area, please use PagoPA, also available through Punto Blu.

When either payment method is used, the online system will process the transaction within a few minutes. This reduces the time needed for the payment to appear in Punto Blu; once it has been recorded, the payment indicator will change from red to green.

Please **print and keep** the following memo for your own use and visit our [homepage](#) to check our official regulation.
