

Bocconi Golf Team was founded in 2006 by a group of students who shared the same passion: Golf. There are hundreds of boys and girls, Italians and foreigners, experts or novices, who over the years have played with the Golf Team.

***Who can participate?***

Everyone, from the agonistic players to those who approach Golf for the first time. Not only students but also many alumni and professors are part of the team.

***What is the link between Golf and the managerial world?***

The spirit of Golf is honesty, integrity and courtesy. Many books explain how Golf contributes to shaping a person's character, concentration and all mental qualities that help managers advance in their careers.

***What does the Bocconi Golf Team do?***

The team conducts weekly training sessions in Milan, participates in competitions with Bocconi Alumni and aims to start the challenge with other Italian universities and some of the world's most prestigious business schools.

Weekly training sessions take place on Friday afternoons at the Golf Rovedine, not far from Bocconi. The team organizes, as far as possible, a car-sharing to facilitate everyone's participation. During the training sessions (completely free) the most experienced players approach the neophytes with Golf, and this is a unique opportunity to learn about the world of Golf.

There are many competitions in which the Golf Club participates: it takes part in Bocconi Alumni Golf Challenge in some of the best courses of Northern Italy (Castelconturbia, Bergamo L'Albenza, Castello di Tolcinasco..). In addition, it participates in competitions abroad in France and Switzerland. In 2016 Bocconi Sport Team won several tournaments.

***How much does it cost to play Golf?***

Bocconi Golf Club has always been committed to keeping costs as low as possible and, thanks to Bocconi Sport Team, it manages to cover most of the expenses. Entry to the driving range, balls and equipment for beginners are free if you are a member of the Bocconi Sport Team. For the participation in the competitions, a contribution is foreseen.
