They must enroll by 29th March 2024

§ **all the other candidates eligible for enrollment** receive at least two notifications: in the first one, they are notified about admission results; in the second one, they are notified about their final status (with fellowship or with payment of tuition fees) and deadline for enrollment. In between, they are notified about change(s) of status (if any).

Candidates who intend to decline the offer should decline as soon as possible to allow replacement applicants to receive their offer.

If students enrolled with fellowship withdraw, a further round of replacements will take place after the end of enrollments but before the PhD program begins, for the benefit of students enrolled with payment of tuition fees.

Replacement of candidates is not allowed after the beginning of the first year of the program (1st September 2024).

Enrollment takes place online (ENROLLMENT Section), using the ID and password provided at registration.
