

HALF THE (BRIGHT) SKY STANDING AGAINST GENDER-BASED VIOLENCE

23 NOVEMBER 2021
5:30PM (CET)
HYBRID EVENT
Bocconi University
Aula Magna
Via Gobbi 5

Bocconi University and Fondazione Vodafone Italia join hands with the communities of students, faculty and staff and stand together against gender-based violence. On occasion of the International Day for the Elimination of Violence against Women designated by the General Assembly of the United Nations, the initiative aims at raising awareness about this very pressing issue and demonstrate our strong opposition to gender-based violence. Gender-based violence has in fact increased during the COVID crisis, producing a Shadow Pandemic. In 2020 emergency calls reporting violence and stalking against women more than doubled, compared to the same period of the previous year. The conference provides a forum to speak about various forms of violence, how technology can help and how we as a community should be vigilant. Bocconi organizes the event together with Fondazione Vodafone Italia. Through technology and charitable giving, Vodafone Foundation focuses on addressing some of the world's most pressing problems. Vodafone Foundation launched Bright Sky, a free app which connects victims of violence and abuse to advice and support services.

Please note the event will be held in hybrid mode.

Attendance in presence is reserved for Bocconi community and will be allowed with Green Pass only.
