The main topic of this lecture is based on the following question: are there any common elements of European Tort Law? Prof. von Bar attempted to discover the elements of a possible *jus commune europaeum* in his studies and activities as Chairman of the Study Group on a European Civil Code, editing the Principles of European Law on Non Contractual Liability Arising out of Damage Caused to Another (2009) and the Draft Common Frame of Reference (2008-2009).
